

CONFERENCE ANNOUNCEMENT

# Ingestion of Spent Lead Ammunition:

## Implications for Wildlife and Humans

Radiograph  
of spent lead  
ammunition  
fragments in  
a rifle-killed  
deer.

**Convened by  
The Peregrine Fund**

**12–15 May 2008**

**Boise State University  
Boise, Idaho**

The goal of the conference is to promote a better understanding of this source of lead exposure and to reduce its effect on wildlife and humans.
